

Meyer-Helfman Graduate Travel Award

The purpose of the Meyer-Helfman Graduate Travel Award is to support graduate student travel to meetings, conferences, or other activities (e.g., meeting with legislators or decision-makers) related to the intersection of science, public policy, and conservation, with preference given to students whose research focuses on aquatic ecosystems.

The award honors Professors Emeriti Judy Meyer and Gene Helfman. Meyer’s research has focused on ecological processes that maintain water quality, on river and stream food webs, and on the impact of watershed disturbance and riparian zone

management on river and stream ecosystems. Helfman’s teaching and research career have focused on conservation of fishes, effects of land use on fishes, invasive species, and behavioral and ecological interactions and their impact on fish conservation.

Deadline for submission: April 1

Amount of award - \$700

Submit Application and Attachment to:

Julie Gunby, Graduate Advisor (gunby@uga.edu)

Applicants for this award must meet the following criteria:

1. Graduate student in an Odum School of Ecology graduate program (master’s or doctorate)
